September, 2025

Dear Community Partner,

The public libraries in Sullivan County are holding the 4th Sullivan County Youth Book Festival (SCYBF) on **Saturday, May 30th, 2026**.

The underlying philosophy behind the festival is that every child should love to read. Our goal is to create, sustain, and nurture a culture of literacy in partnership with our community and schools.

The day of the festival will be filled with fun; we'd love to share the news that you/your organization has chosen to be a festival sponsor. We've had over 500 attendees at each of the prior festivals. Your sponsorship will help defray festival costs such as presenters, children's entertainers, refreshments, equipment rental and marketing.

We know that you share our vision of a better community and that you support enhancing the literacy skills of children in Sullivan County. We would love to include you as a sponsor this year. Please see the sponsorship brochure for the details of the various levels of sponsorship.

Thank you for helping us continue to bring this worthwhile event to our local community.

Sincerely,

The Sullivan County Youth Book Festival
Steering Committee
